The love of God has been poured out into our hearts through the Holy Spirit.  — Romans 5:5b
May 22, 2016

In the article called ‘To Evangelize the Culture’, Bishop Robert Barron, wrote, “The image of the evangelized culture is where the arts, the sciences, politics, sports, finance, and law are all ordered to Jesus Christ, the icon of the invisible God, the human face of the unconditioned good, true, and beautiful”.

As baptized Catholics, it is our duty to penetrate the popular culture without fear and at the same time carrying the clear mission about Christ. Our focus is to see Christ in people’s lives, from politicians to scientists, journalists to bankers, lawyers to community organizers, and others. If we all agree that culture is the total way of life, Christ should be part of that totality. Christ should be a center of everyone’s careers and jobs. By baptism, Christ became part of us and we became part of Him. Since our baptism there is no separation between us and Christ.

The beauty and good inside of us and outside of us is connected to Christ’s beauty, and all of us are participating in it. Think about your effort at work, your good performance at work, your tendency of allowing others to shine through you and your openness to help others to grow. That the way we evangelize, we who accepted Christ in a special way. The idea of preaching the gospel only in church on Sunday and off we go until next Sunday should change. We need to be Christians whenever and wherever we are using our faith, to make that place Christ-like.

Our presence in the world or in the workplace should be a presence of Christ, because we are Christ-bearers. Our openness to different challenges of this generation and generations to come should make us stronger and keep us together. The idea that we are not good enough to face the challenges we encounter in our daily life is not a Christian idea. The one who created us knows that we are good enough to face the challenges in our life. He continues to empower us by sending to us His only Son, our Lord Jesus Christ. When Jesus was done with His Mission on earth He told us that He will not leave us alone, so He sent the Holy Spirit to us to empower us any time we face challenges.

Sisters and Brothers in Christ, let’s break out of our comfort zones and preach the Good News to our celebrities, our politicians, our scientists and others by showing them the beauty and love of God in our lives and also in their own lives. Our baptism allows us to be preachers of the Good News of Our Lord Jesus Christ.

Congratulations to our Financial Peace University (FPU) graduates!

St James conducted our second FPU class from March 2nd – May 4th. We had a total of 12 participants learning God’s ways of handling money. We learned how to give, save and spend wisely. We learned how to effectively communicate with our spouse in the area of money and much more.

In just 9 classes, the average family paid off over $3600 in debt and saved $4100 towards an emergency fund. That’s a $7700 turnaround! We all need a plan for our money. Financial Peace University is that plan!

Through video teaching, class discussions and interactive small group activities, FPU presents biblical, practical steps to get from where you are to where you’ve dreamed you could be. This plan will show you how to get rid of debt, manage your money, spend and save wisely, and much more!

Read what others had to say about it:
- We now have hope for our financial future
- Better communication in our marriage about money and other topics
- It’s going to change your life! In just nine lessons, you’ll learn to take control of your money, invest for the future, and give like never before. Don’t worry! You won’t be asked to share any personal financial information during the class. St James plans on having another FPU class in the third quarter of 2016. More information to come.

Thank You!

We would like to THANK all of our Confirmation, Open Doors Ministry, Religious Education and Sunday School Catechists for the wonderful job they did teaching the St. James children our faith this past school year 2015/16. We are fully aware of the commitment and passion they have given to these ministries. What blessings they are to our Parish!! They share our faith with our young children, the future of the church. Our Catechists are:

“We give thanks to God always for all of you, remembering you in our prayers, unceasingly calling to mind your work of faith and labor of love and endurance in hope of our Lord Jesus Christ.”

Stewardship

Stewardship Fund Reports, May 10, 2016

In 2015, thanks to the generosity of St. James parishioners, the Stewardship Fund contributed approximately $40,000 to area organizations. This winter the organizations were asked to provide a short report about how the funds are being used; in the following weeks we will provide excerpts of these reports in the weekly bulletin and on the website.

From Faith Community Homes in Arlington Heights:

The St. James Stewardship Committee awarded $5,000 to Faith Community Homes for use in our program to assist low income, employed families in the Arlington Heights and Palatine area. Since the award of these funds, we have assisted a total of 17 families. All but one family are single parent families, both single fathers and single mothers with between 1 and 4 children. Starting earned incomes ranged between $1,552 and $2,364 per month. Some of the families have LINK cards for food purchase, two of them had child support from fathers. These incomes levels put all of these families at very high risk of being homeless as their incomes were not enough to pay all their bills, especially rent.

Our mission is to help these families become more financially secure and as independent as possible. This is done through Case Management to address complex issues and resolve significant problems and through volunteer mentors, who provide guidance with budgeting, everyday problem solving and helping the parents find ways to improve their employment and income. Increasing income is necessary in every case, otherwise nothing will help.

Sometimes, families need only a boost in order to cross barriers that prevent them from advancing. One example from the past few months is a husband and wife, both of whom had been trying to advance with additional training, but were unable to complete these dreams as they were not earning enough to keep a roof over their heads. We are providing some rent support and we also paid for the wife’s certification exam as a medical tech. She was able to quickly improve her employment by landing a job at Northwest Community Hospital with help from her mentors. Her husband has completed a basic welding course and at the end of January landed his first job as a welder. We are continuing to support their rent so they can eliminate debts and build a savings account as well as become firmly established in their jobs.

When families come to us, they are almost always desperate and in despair as they cannot keep up with living expenses. They are often immobilized from the anxiety and depression this produces. Universally, we notice that once families have a little support and guidance, they become more energized, confident and positive about their lives. This gives them the energy to move forward in finding better jobs, completing some education, and managing what resources they have as effectively as possible. The results of this work shows up primarily in the rising incomes of the families. Over the past year, families have increased their earned incomes by as much as 33%. However, some have seen a decline in income due to job loss or illness. We work through these issues with families and usually, they are able to recover and eventually increase income.

All the support from everyone in St. James Parish is deeply appreciated by the families who receive this help and this has made a difference in the lives of many people over the years. We look forward to continuing these opportunities for the parishioners to help families in need.
